POLICY

1. School profile

Magpie Primary School is a small rural school on the edge of Ballarat, that continues to offer a rich alternative for families moving away from the larger city schools. Our school grounds are expansive and are surrounded by open, scenic spaces. The school continues to grow steadily, now having 92 enrolments in 2022 compared to 42 in 2012. The school has 5 classrooms with a multipurpose building, art room, science room and community space. Focused and informed teaching delivers a personalised

learning approach for all students by a staff team that demonstrates positive relationships through caring, respect and practical organisation. Children are persistent in their approach to learning and they are supported by people they trust and respond to with enthusiasm. Modern classroom and teaching spaces continue to allow staff to deliver school programs reflective of the latest pedagogical approaches that capitalise on the important personal learning needs of individual students. Magpie Primary School values smaller class sizes as we know students learn better in this environment. In 2022, we have the following class structure across the school: Prep, 1/2, 2/3, 3/4, 5/6.

The School Council focus and direction statement still places clear emphasis on core skills in literacy and numeracy with other programs to be specifically provided to support in the areas of creativity, health, fitness, environmental studies and social-emotional development. Art, Stephanie Alexander Kitchen Garden Program, Science, and Health and Physical Education specialist programs deliver a varied curriculum program. Magpie Primary School has direct intervention support for all students at risk in literacy and numeracy, as well as extension support for students who require it.

The staff team is working on increasing knowledge around trauma informed practice and supporting student wellbeing and engagement through a range of social and emotional development programs.

Magpie Primary School strives to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially. We are proud of our diversity and inclusive school community.

2. School values, philosophy and vision

Magpie Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of Confidence, Persistence, Organisation, Getting Along and Resilience at every opportunity.

Our school's vision is to encourage all students to develop academic and social skills that promote successful attitudes and relationships that inspire them to create their own pathways to the future.

Our Statement of Values is available online at: www.magpieps.vic.edu.au

3. Wellbeing and engagement strategies

Magpie Primary School has developed a range of strategies to promote engagement, an inclusive and safe environment, positive behaviour, and respectful relationships for all students in our school. Violence and other offensive and harmful behaviours such as racism, harassment and discrimination will not be tolerated and will be managed in accordance with this policy. Bullying will be managed in accordance with our Bullying Prevention Policy.

When a student acts in breach of the behaviour standards of our school community, Magpie Primary School will institute a staged response, consistent with the Department's policies on behaviour,

discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implements positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:
